'UNFAIR' PROTESTS PENDING

Thurmond Tells the Senate That
Oklahomans Think Packers
Are Being 'Jobbed.'

WASHINGTON, Aug. 27.—Charging that the federal trade commission conducted an "unfair" investigation of the packing industry, L. C. Thurmond of Oklahoma City and vice president of the Oklahoma Live Stock Producers association, today told the senate agricultural committee that cattle producers of the southwest are unanimously opposed to the Kenyon and Kendrick bills to license the packing industry.

"The proposed legislation is going to crash the producer," Thurmond said. "Packers don't want to loan money to the live stock growers now with all of this unrest staring them in the face."

"There is a very pronounced feeling in my country that the packers are being jobbed and we are going to get the worst of it. The producers will have to stand the burden of this proposed law."

Thurmond declared that he had no idea that the packers maintained a monopoly. He said that if there were one, there are already sufficient laws to punish those engaged in the monopoly.

"People want the government to leave business free and not interfere with it," he said.

Sam Davidson of Fort Worth, Texas, who said he is interested in cattle loan companies, also appeared in opposition to the proposed bills.

"The retailer is at fault for the high price, from my observation," Davidson said. He declared that the cattle loan companies work a great injustice to live stock producers and that the efficiency of the packers would be broken down and that markets would consequently suffer.

BAKER ASKS PRIVILEGE
TO USE REMAINING FUND

WASHINGTON, Aug. 27.—Legislation under which the war department could expend \$8,000,000 from funds already appropriated for the purchase of camp sites and the completion of construction now under way at the camps was recommended to congress today by Secretary Baker.

The secretary said this legislation was made necessary because the last appropriation bill prohibited the department from acquiring additional real estate.

Camps included: Normandy, Texas, \$12,000; Kelly Field No. 2, Texas, \$148,000; Brooks Field, Texas, \$140,000; Ellington Field, Texas, \$10,000; Little Rock, Ark., depot, \$55,000.

Special to The World.

PURCELL, Aug. 27.—Clinton Parker, accused of embezzling, was captured here by representatives of the bureau of investigation. Being a railroad man and knowing the ways of "underground" travel, he eluded pursuit for many weeks. He is wanted for alleged shortages in his accounts with the L. & G. N. road of Texas. He will be extradited to Texas, officials say.

For Skin Made Flabby
and Wrinkled by Heat

So, winds and flying dust often cause wrinkling and other conditions which make wrinkles. You can quickly get rid of every line, however caused, by using a harmless wash lotion made by dissolving an ounce of powdered exelso in a half pint of water. The ingredients can be of course in hot and you want to wash your face for the afternoon or evening, bathe the face for a few minutes in the exelso lotion. You'll find this more refreshing than an hour's rest. It is fine for overcoming that appearance of lassitude so common in hot weather.—Advt.

REINSCH QUILTS POST
AS CHINESE MINISTERResignation Is Tendered; Jap Report
of "Suddenness" Is Denied
in White House Circles.

WASHINGTON, Aug. 27.—Resignation of Dr. Paul S. Reinsch as American minister to China was announced today at the white house. Officials said he had been asked to be relieved because of ill health and a desire to return to private work.

Japanese dispatches to Honolulu that Doctor Reinsch's resignation had been offered "suddenly" were denied, it being explained that the resignation had been in the president's hands for some time. No action on it has yet been taken, however.

Doctor Reinsch was appointed minister to China in 1913 when William Jennings Bryan was secretary of state. He at that time was professor of political economy at the University of Wisconsin.

Before his appointment to Peking, Doctor Reinsch had been active in pan-American conferences, societies for the study of international law and "historical research." He was recognized as an authority on oriental topics and far eastern politics and his works on those subjects had been translated into Japanese, Chinese, Spanish and German.

In the Back Like You Fight.'

Special to The World.

OKEMAH, Aug. 27.—J. A. Duncan, one of the best known citizens of Oklahoma county, has received two warnings that he will be "shot in the back like you fight." Both notices were printed with lead pencil on pieces of newspaper.

Mr. Duncan found one on a chair at the Main hotel where he rooms. The other was found by a little child in the street near the hotel. One side was printed "Pay to J. A. Duncan by September 1, death for the yellow dog you are." The other side was printed "J. A. Duncan: This is your death warrant. You will be shot from the back like you fight. You are just one of the few dogs that the Bar X committee is going to get. Send your detective home. We would hate to kill a man. (Pres.) X."

It is said that one shot has been fired at him through the window since the warnings have been received.

Do You Know Your
Own Business?

If you own shares in a business do you want a Government employe to tell your executives how to run your business?

If you are a loyal employe, do you want a political appointee to have the power to injure your concern by hampering its operations or by interfering with its efficiency?

Perhaps you have noticed the effect of Government control on the railroads, telegraph, and telephone.

Bills have been introduced to license and regulate the packing industry—perhaps your business will be next.

You would probably dislike to have this happen to your business even more than you would dislike to have your daily supply of meat interfered with.

'Pussyfoot' Caught
Before Heckling
British Audience

LONDON, Aug. 27.—Thicker than a fog was the gloom that had descended today upon the (immediate) vicinity of the Rev. William 'Pussyfoot' Johnson, the American prohibition agitator, who went to Weston-Super-Mare Sunday to speak to that town from the League bottle.

Pussyfoot's advance work was faulty, his thunder-sheet would not hold, and the merry villagers chased him all around the ring in that delight of your free-born British heckling.

The anti-prohibition faction, which seemed to include most of the townsmen, had been thoroughly prepared for the encounter with Johnson—either by "wet" propaganda, hard liquor or both—and they were on him with spurs from the moment he stepped onto the platform.

He hardly had opened his mouth before questions began to whiz at him from every quarter. The question devised by ingenious yet-terans of British political meetings, Johnson, ignorant of what was coming, had not considered a defense. He was wide open as a park gate to verbal jolts that shot in from every row of the audience and his confusion was great and delightful to the enemy.

The British press was eagerly watching the tryout and "pussyfoot's" awkward showing sent the papers into gales of exultation today.

William Johnson referred to in the above is well known to many Tulsa citizens, having been a special enforcement officer of the federal government with headquarters here about the time of prohibition. He was not a resident at that time. The name "Pussyfoot" was given him by a member of The World staff, one "Bunny" Lee, who later went to the Chicago Tribune. The name has stuck to Johnson ever since, and was intended in the first place to characterize his silent, surefootedness in rounding up violators of the prohibitory law.

NO RUPTURE BETWEEN
HOUSE AND WILSON

Relations Between Men Never More
Cordial—The Colonel Returns
With Ambassador Gray.

WASHINGTON, Aug. 27.—Col. Edward M. House, who since last November has been in Paris as a member of the American peace commission, will return to America next month, it was learned today. Colonel House will be accompanied by Lord Gray, the newly appointed British ambassador to the United States, and will land about September 15.

Revived reports that there has been a break between Colonel House and President Wilson, reaching the country in the form of press dispatches, were said today in authoritative sources to be entirely without foundation. White house officials were emphatic in asserting that the relations between the two were never more cordial than they are at the present time and that this fact is emphasized in the recent correspondence that has passed between the two.

From other sources close to both the President and Colonel House, it was stated in equally emphatic terms that
